PRESIDENT'S MESSAGE

We have been busy supporting the many faces of this wonderful breed...Ana Peraza organized the "Stroll" several times this winter and spring..These events were scattered throughout our area and were extremely well attended and lots of fun.

Additionally, draft training from beginner to getting title-ready were offered throughout our area and again well attended.

We hosted a Regional Specialty and Sweepstakes in March at the Celtic Classic!! Our entry was up in numbers...we had a great turnout...

Throughout the year we have been running online raffles, which along with generous membership donations, we have been able to continue to host these events and have been quite successful.

We will be starting up the online raffles again soon!!! We are going to be offering some great prizes!!! It's fun and easy!!!

Elsewhere in this issue you will see that we are offering water training workshops throughout the summer...register online.

Valentine's Newfie Stroll

NEW-PEN-DEL

Valentine's Newfie Stroll

On February 12th 2023, the New Pen Del newfs descended on Liberty State Park in Jersey City, NJ. A group of over 20 newfs and their people strolled through the park, enjoying views of downtown Manhattan, the Statue of Liberty and Ellis Island. We walked through the 9-11 Memorial – walls mirroring the World Trade Center towers and engraved with the names of NJ residents lost on 9-11. The Reclining Lady Liberty was a favorite photo op, and the group photo drew a lot of attention from passersby.

A large group of Newfs is always a striking sight. People stopped to ask questions and asked to take pictures with the dogs. At the end of the walk, we gathered to share snacks and conversation. Thanks to all who attended and all who brought snacks to share! We'll plan more walks this winter! Please reach out if you have ideas for other fun locations.

ForEvergreen Nature Preserve Newfie Walk

ForEvergreen Nature Preserve Newfie Walk

The Newfie walks continued, this time with a walk in East Stroudsburg, PA at the scenic ForEvergreen Nature Preserve. Lots of dogs and their people joined in, including adorable baby puppies Kelby and Onyx. Thanks to Karen Doman for arranging this event! Our members have been really enjoying these walks. We hope to restart them in the winter and spring!

DRAFT PRACTICE

Spring draft practice was a great success. A day in the park with the dogs is always a good time, throw in a cart and some training, and you have the perfect recipe for a fun new family day. It was wonderful to spend time with friends and make new ones. We witnessed young dogs grow comfortable pulling carts and puppies happily pulling PVC poles. More experienced teams practiced maneuvering obstacles, and all enjoyed a walk to start conditioning teams for the NCA Draft Test Freight Haul. Some of the teams went on to participate in spring draft tests and we are proud to have two new draft dogs in NPD!

If you missed these but would like to participate, we hope to restart these when the weather cools!

EVENTS PAWS 'N CLAWS

After a few years without Paws 'N Claws, we're so happy we were able to offer this fun event again! It was so great to meet some new NPD members, see old friends and watch the future NCA water dogs take on the guppy tests! The weather held up and there were so many new Guppies, Tadpoles and Frogs!

Special thanks to Lea Johnson and her family for doing so much work to plan this event. Thanks to Susie and Bill Matangos and Gary Ottey for cooking delicious meals and helping to set up! Thanks to Chris Lamuraglia for making so many raffle baskets and to all who contributed raffle baskets, salads and desserts to share!

Thanks so much to all who helped with the water training and tests...the water wasn't exactly warm! Especially, Megan Morgan, Andi Ottey, Donna Campbell, Caleb Liston, George and Kate Abraham and so many more!

Last but not least, thanks to anyone who shared photos...the pro-type photos are by Caleb Liston, the rest are by Amy & Ana Peraza-Kroeger! The full album can be found on our website, by clicking the link!

2023 WATER TRAINING

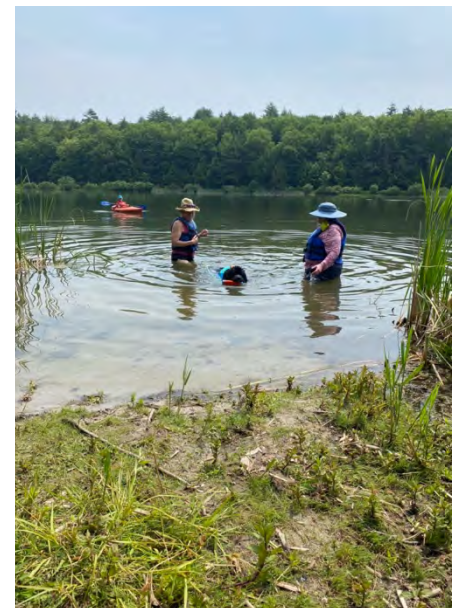

NPD members have started water training at Camp Linwood MacDonald in Sandyston, NJ. The last two sessions have been a wonderful start to the season, with the dogs learning to get comfortable in the water, around boats and learning the NCA Water Dog Exercises. From puppies to experienced training teams, all are enjoying getting back out on the water. There's nothing better than watching a newf doing what they're bred to do!

Finding a place to train in NJ has been a challenge over the last several years. Special thanks to Amy Supko for finding a nice place to train. Thanks so much to Dave Supko for bringing the boat. Thanks to Donna Campbell and Karin Bystol for being in the water all day, helping teams address challenges and encouraging hesitant swimmers! Thanks to Doug Fish and Donna for the use of their van as an equipment shuttle and for helping carry all the equipment required to spend a day lakeside! Training these dogs turn strangers into friends...hope you'll join us at one of the upcoming training sessions. Register online at <https://npdnewfs.wildapricot.org/event-5294736>.

By Amy Kroeger

Summer is a tough time for our heavy coated Newfs at the Jersey Shore. Either we are up at 6 am to walk the dogs before the world wakes up, which doesn't appeal to us or the dogs, or we are looking for swimming venues for regular exercise. We are lucky to have the Raritan Bay nearby that is available to the dogs all year long, and we're looking forward to participating in the New Pen Del Water Training sessions, but swimming options require full grooming sessions to avoid itchies and hotspots, and weekly is about all we can manage. We have had to come up with some dry, indoor air-conditioned alternatives!

We like to do training sessions during the day to tire out the dogs by getting them up and moving as well as thinking! Thinking seems to tire out our dogs more than just about anything. So we work through all the obedience exercises, heeling, sits, stays, dry land training for water work, different exercises to get ready for Draft Training but one of ours' and the dogs' favorite training methods is Bucket Work.

Bucket Work

Pull out a rubber feed bucket in our house and the dogs come running! They love these exercises so much that we have had to get separate buckets for each dog to avoid them pushing each other off to "play". The skills acquired are so useful in so many situations: hind end awareness; a very smooth 'Get In' to begin heeling; learning how to isolate the front or back feet that is necessary for skills like 'One Step' to make tight turns in Draft; so many things, and they think it's fun!

To get started you'll need to purchase a rubber feed bucket. We get ours from Tractor Supply and use the 3 gallon size that is approximately 17" in diameter at the rim, 14" in diameter at the bottom and about 5" high. We brought our newfs into the store to find the right size, a benefit to shopping at Tractor Supply! For the weight of a newf, we also use a foam Yoga brick underneath to avoid crushing the bucket when the dogs step up. Some people get two buckets and stack them, which

NEW-PEN-DEL

also works perfectly, but the double buckets are heavy to carry to Obedience class, so the brick has worked better for us. Our Obedience Club has these buckets for most sized dogs, but unfortunately the newfs big feet just don't fit on the available tiny dog buckets, so we bring our own.

Getting Started

Start off in an area of at least 8'x8' with one dog (two dogs and two buckets is definitely an advanced skill) and one yoga brick supported or stacked bucket in the center of the space. Often our dogs will immediately step up with their front feet. Newfs seems to love a pedestal. If your newf is not as narcissistic as ours, lure the dog to step up with a cookie to stand with their front feet on the center of the bowl. Treat and praise the dog for stepping up. If they are hesitant to step up, lure them toward the bowl. Give them treats for touching the bowl, stepping up with one foot or anything that is moving toward both feet on the bowl. Shape

the exercise with treats until they comfortably stand on the bowl with both feet. Practice this a few times. We use the command 'Bucket' for this exercise. Some people use 'Perch'. Practice having the dog getting off the bucket, then hopping back on with their front feet, using the command you chose. They tend to learn quickly that stepping up means a cookie. We use tiny treats for this because we use a lot. Plain Cheerios are a favorite, or anything tiny and quickly swallowed. We usually practice this step for a week or two in between their other training, sits, stays, downs, etc. But don't be surprised if they're running to the bucket the minute you put it down by day 2!

Get In

NEW-PEN-DEL

Once your dog is comfortable stepping up on to the bucket, stand in front of the dog perched on the bucket and hold a cookie in your LEFT hand just above the dog's head to lure them to move with you. Take a step to the right around the bucket. If the dog stays with their front feet perched on the bucket, while moving their back feet to stay facing you, give them the treat. Praise enthusiastically! Sometimes at the beginning the dogs will step off the bucket, it is confusing to perch and move at the same time. This is totally normal! Just lure them back up on to the bucket and praise, try again! The goal is to get the dog moving around the bucket in a circle while you move around facing them while holding your left hand above their head. We call this movement 'Get In', which will make sense as you progress. Use the command 'Get In' each time you want the dog to take one step. Say 'Get In', you take one step, dog takes one step with you, give the cookie from your left hand and praise. Then Practice!

Pivot

Pivot always reminds me of the Friends episode where Rachel, Chandler and Ross are trying to get the huge couch up the narrow stairs, I can't help it, I'm a Gen Xer!! But my dogs think of Pivot as the somewhat harder training game on the bucket. I'm not sure why, but this one is always a little harder for them to learn and remember. It may be because it moves them toward my right side, which as Obedience dogs, they are most comfortable on my left. Or perhaps we don't do Pivot as much in real life. But it's always a little more of a challenge. Perhaps it is related to whether the dog is left or right-handed? Not sure, we continue to practice both exercises though, because it keeps the dogs working both sides of their bodies for strength and balance. And being a little harder to learn makes them more tired, and a tired puppy is a good puppy!

Pivot is the opposite of Get In. In this exercise, the dog perches with their front feet on the bucket, we hold the cookie in our RIGHT hand just above the dog's head and take a step to the left around the bucket. Again, handler takes one step, dog follows with one step, cookie, dog and handler take one step, cookie. They should stay facing you on the opposite side of the bucket as you move around. If they hop off the bucket, just lure them back on, lots of praise!

NEW-PEN-DEL

Practice

Work on both sides for a few practice sessions. Never be worried about going back a few steps to reinforce, perching on the bucket with their front feet and cookies and praise. Mix it up. Give them cookies for perching, cookies for 'Get In', cookies for 'Pivot' and cookies for getting off the bucket. This is a favorite game because there are lots of cookies!

Next Level

When you feel like your dog is comfortable moving in both directions, begin giving them the command while you stay in one place. If they need a reminder, take one step to get them started, but you want the dog to move around the bucket with the hand signal of your LEFT hand above their head and the command 'Get In' or your RIGHT hand above their head and the command 'Pivot'. It will not take long for the dogs to be spinning on the bucket with just the single command and hand signal.

Moving On With Back Feet

We start practicing putting their back feet on the bucket when puppies are a little bit older, in fact I think our younger dog didn't start learning it until she was about 2 years old. It is a more advanced skill and it seems to confuse the dog if you start at the same time as the front feet 'Bucket' command. It is not as natural a position, so we use cookies to lure the dog's back feet on to the bucket. We are extremely creative and use the command 'Back Feet'.

Learning this tends to take a while. It requires more hind end awareness, and the dogs can seem clumsy trying it at first. Shape the exercise as you did with front feet. If the

dog gets one foot on the bucket at the beginning, reward them, then keep working at it until both back feet sit comfortably on the bucket.

Once the dogs are skilled at putting their back feet on to the bucket by using the command you choose or our genius 'Back Feet' terminology, you can start to teach them moving around the bucket with their front feet. For this exercise, we stand in front of the dog and take one step right or left. It is not important which hand you hold the cookie in for this exercise because the goal is to teach one step, rather than spin. The single step, using only their front feet is the key to beautiful 90 degree turns during the draft test. It's also a hard skill to learn, so again, making them think, making them tired, and a tired puppy is a good puppy!

NEW-PEN-DEL

Applications

I've mentioned a few applications for these exercises while detailing the steps, but I wanted to suggest a few more that we use all the time.

'Get In' is perfect for getting the dogs into heel position. Obviously, our creative method of naming commands strikes again! If your dog does competitive obedience, this is a great way to train moving the dog to the left side of your body. I have been able to transfer this skill off the bucket and I use the LEFT hand signal above our dogs' heads and they will spin to my left side. It's pretty amazing to see how agile these big dogs can be with a little practice and some strengthening in their hind end.

'Pivot' is useful for moving the dogs to the right side of your body in a similar way. This can be useful for dogs that do agility. Sometimes they need to move to the right side of the handler to approach equipment from the correct angle.

Both 'Get In' and Pivot' were useful in a Triebball Class that I took with our Abby, where the dogs need to move a large ball into a hockey type net from different directions.

'One Step' is so perfect in Draft Exercises where their hind ends are limited in movement because of the cart, and they need to adjust their position by only rotating their front feet. Tight Turns, adjusting their body to get into the narrows or around obstacles benefit from this skill. It's harder to learn, but so worth it if you plan to do Draft Work.

All these exercises can help the dog achieve the AKC Trick Titles, and probably many other applications that we haven't yet encountered. Yet, even if your newf is not an obedience dog or a draft dog or an agility dog, at the end of the day, it's still just a lot of fun for you and your favorite pet to do some training together and Bucket Work is perfect for indoor Summertime fun!

ONYX

After losing our first Newfie Riley 3 years ago, we knew something was missing. So let me introduce our newest member of the family Ozark Legend Onyx. After seeing all the beautiful puppies, we could not resist, so Joe and I drove out to Missouri and picked her up. She is now 6 months old and made it to a Frog at Paws and Claws, did some water training, and is an AKC Star Puppy. Can't wait to see what else is in store for her and us. Onyx is looking forward to meeting everyone and learning new things. - Nadine & Joe Byczkowski

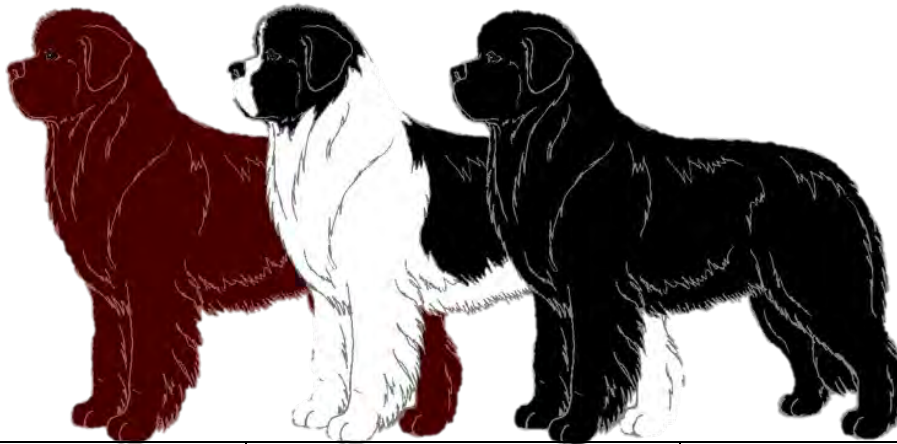

Welcome Onyx and congratulations to the Byczkowski Family on the new addition!

Agenda Item: Approve Minutes

Motion to approve meeting minutes:

Motion to Approve: Donna Campbell. Second: Kat Lynn

Motion Carried Yes Unanimous

Agenda Item: President's Report

Presenter: Chris Lamuraglia

Chris reported that That Newfoundland Place Rescue has saved 11 Newfs and recommended the board consider a donation. Last year, NPD sent a \$2,000 donation.

Discussion:

Question was asked how much has been spent. Chris said the average of \$500 is probably low. Brown Newfoundlands have been sold from a Lancaster farm that have developed a nasty streak. We are not taking them as they are biting family members. They are not able to be re-homed.

That Newfoundland Place is a private [non-profit](#) dedicated to the rescue of Newfoundland dogs and along with Nancy Weaver (our last rescue chair), they have been handling an influx of dogs from NJ and PA. Donations from NPD are not associated with any specific dogs, but instead an overall donation to the organization to use how they see fit.

No receipts for services related to the rescue of NJ and PA dogs will be received.

We have approx \$16,000 in our rescue account.

Concern was raised about maintaining the level of our donation in the future. Point was made that we have it and it is sitting in an account. Jodi felt that \$6,000 was not excessive.

Amy Kroeger pointed out that we may have this large number of rescues due to the pandemic.

The Board has agreed to move forward with the Rescue Committee, to help support Nancy Weaver's efforts to rescue [Newfoundland](#) dogs in our area. Donna Carroll and Jean Bogey were presented at a previous board meeting but there are a few other members who were interested in helping. The rescue committee should be identified in Bear Facts so people know who to contact if they know of a dog in need or if someone is looking for a rescue.

Motion to make a donation of \$6,000 to That Newfoundland Place Rescue.

Agenda Item: Vice-President’s Report

Presenter: Ana Peraza Kroeger

Please send your budget to Ana by January 28.

Jody and Ana will be auditing the books before the annual meeting in the fall.

Ana is organizing a walk on Valentine’s weekend at Liberty State Park. The New Year’s Day went well with new people joining. Ana checked out Liberty State Park this past weekend. If there are twenty or less you don’t need a permit. There were 30 last time. Ana is checking on getting a permit. If we do need one it will be c. \$60. Ana will notify the board of the decision.

The proposed date is February 12th.

Question was asked if Ana needs board approval to organize a walk. As long as the board is notified it should be fine. Should we ask participants for a donation if there is a cost? Ana would prefer not. Some parks have different regulations for paid events.

Unless directed otherwise Karen will keep the most recent files (c. 2004-2009) and store them. They were reviewed for important information- especially financial- nothing notable was obvious. Karen will store them.

Agenda Item: Working Dog Secretary's Report

Presenter: Amy Supko

Draft Test Training has been organized. There are four locations of interest. Karin and Andi will organize them. How do we offer this in an organized fashion? Brubacker, Mercer, Schooley's and Thompson (near Red Bank) parks.

How often should we offer the training? Ana suggested that people who are offering the training should determine the dates. They can sign up on line on Wild Apricot. If we can get all the dates out at the same time that will help participants decide.

Date information should be sent to Karin. Cell numbers should be included for participants.

Kat was asked by Colonial if they could participate in draft training. They will be welcome. We participate in their training programs.

Draft Test

There will be no draft test this Spring.

Andi offered to chair a test. Putting it off til the fall may be difficult as the club already has a lot of events in the fall.

Chris said we could offer the draft test at the Triple Crown in October. There is plenty of space. It could be any day including Thursday. In the past there has been draft training at the classic.

Amy asked if bringing all the equipment is feasible for Gary and Andi. Gary and Andi would need to be consulted.

Several board members felt it would be better in the Spring.

Amy will talk to Andi and will let us know.

Paws n Claws

Amy talked to Leah Johnson. We are trying for a Saturday in May. Leah is willing to run the event.

There will be weekday water training at Round Valley this summer and Amy and Dave will coordinate.

Water Test

Unless a chair and secretary volunteer there will be no water test in 2023.

Chris asked if we could look for other members to step up.

Amy pointed out that there really needs to be a strong committee.

We need to work on bringing people on.

Ana can send out an email to the membership. The walks can also offer a source for volunteers.

Ana offered to be the secretary.

Ways n Means has been decentralized for each event. Kat will continue to do soft goods.

Proposal from Rough Coat photography:**Fundraiser #1 - Cameras for Canines**

1 day event (proposed location Brubaker Park – requires proximity to Lancaster)
30 15-minute Time slots will be sold at \$39/per (this \$ goes directly to the Club)
People order packages a la cart
Typically nets approx. \$1000/event
Proposed date late February- the next date would be in October.
Kat doubted if we would have enough people to fill 39 slots.

Fundraiser #2 - Club Calendar

Members submit their own photos to a website which collects \$ and tabulates votes in real time
Votes are \$1/vote (voting drive lasts 4 weeks)
Top 13 dogs win professional shoot for the calendar
Club keeps all the voted dollars plus 10% of calendar sales
Target competition for April – shoot will be in October
NPD can also incentivize products/services (like local grooming, small businesses etc) for donations for inclusion in the calendar.
Timeline: start on-line campaign in April, winners announced in May, Final shoots in October, calendar ready for December

Typical net \$5000+ depending on # of participants typical net \$5000+ depending on # of participants

Kat feels the calendar is more manageable.

The photos we submit will not be used in the calendar. Photographer will photograph the winners for the calendar.

With the calendar we are not out any money. If you win, you drive to Lancaster for the photo shoot and the package is \$500 if you buy it. Board members expressed reservations about the cost, the timing, and the profit for NPD.

There was a problem with the CGC/Tricks testing at Fall Fest. It should be sorted out soon.

Does NPD want to host or co-host the National in three years.?

It will be in Rhode Island at a site that has been used before.

Chris said it would take work and support but would be working on it with other clubs.

Ana asked to form a committee for this year's National. We need someone to lead it who would organize a basket , the parade and t-shirts. Ana will send out an email to general membership.

President’s Report

Received a thank you note from That Newf Place for our recent donation.

Met with John Affel and Ana Peraza Kroeger to review Treasurer’s reporting. Jody was unable to attend at the last minute. Jody took over during Covid and there was not much activity. We are back to hosting events and want to use the NPD format developed years ago in Quickbooks. John is available to assist in getting these reports transferred to Jody. I requested Jody meet with John to review and implement these reports. Quickbooks will generate budgets for each event... Jody has now been filled in- payments and receipts will be organized in a more concise manner.

I would like the board to consider a donation to the National top 20/10

Water:

Paws N Claws - need trainers to help people in two water stations and one land station
Need someone to bring club boat for one of the water stations. Lea Johnson is working with
Beltzville. The date is May 20. Ana will ask for volunteers on Wild Apricot. Donna can bring
the boat. The insurance policy will need to be updated for May 20.

Water Training: possible site at YMCA Linwood McDonald in Stokes Forest, Branchville NJ-
Amy Supko and Donna Campbell to meet with them to discuss viability, how to gauge
interest and payment of lifeguard. It is the site of NPD's first water test. It is a 12 acre lake
with 220 acres. It would be open on the weekend. Hours are flexible. Pat suggested we ask
the membership to indicate interest. Whoever participates will share the cost. We would be
the only people on site.

Water Test: discuss judges and boat: Ana has agreed to chair the water Test. Pat will be the
secretary, John Lynn, Kathy Wiznewski and Zach Rosario will help set up. Ana talked to
Gary about the boat. The application needs to be submitted by mid May. We can use
Paws n Claws to practice site set up.

Draft

Draft Test: Andi Ottey proposed to chair a Fall Draft test this year on Nov 4-5 or Veteran's
weekend Nov 11-12 at Brubaker Park. We could still have a Spring 2024 test since we are
allowed to have one test a year. Jodi suggested we put this out to members to see if there is
any interest. The board felt that the fall was already full of events.,
Amy will go back to Andi and see if we can pick a date in the Spring.

Amy was contacted by Sue Marino with the following question concerning running 1 or 2 draft
tests at NCA National in 2025

"Would New Pen Del be willing to host one or two draft tests at the National in New England
in 2025? We would provide all of the equipment and it's easy to get stewards at a National.
Just so you know, the National will pay for one night hotel for each judge, the site and
equipment use is free. Your club would be responsible for all other costs and can fundraise."

We would need a chair and secretary. Kat pointed out it would be much easier for us to host a draft test at the NCA than hold our theoretical test in the Spring. Karin offered to chair the test. She is willing to do two days.

We have time to develop some good fundraising ideas.
Amy will confirm this with Sue Marino.

Draft Training: Andi Ottey offered to host a draft practice at Brubaker Park on Sunday, April 16th. Ana set up the event on WA. Karin will attend and help.

Updates on Paws n Claws- only 5-6 people have signed up and no one for dinner.
We need volunteers to work at the water stations and one person to man the land station
Water training at Linwood McDonald- Donna and Amy will meet with the director on Tuesday

Water Test (Ana): Judges John Peterson and Lori Littleford (CA) have agreed to judge.
They'll fly in on Thursday and fly out Monday. Water Test application was submitted to NCA
and approved on 4/10. It's too late to get in the next Newf Tide as the deadline for submittals
was 4/1.

Water Test will be 2 days:

- Saturday, 9/16 - WD and WRD
- Sunday, 9/17- WD, WRD, WRDX.
- All-breed must be done once all newfs are finished and is considered a separate test.
We can do all Saturday after WRD or split up all breed WD and WRD on Saturday and
all breed WRDX on Sunday. Thoughts?
Decision was made to test all breed WD and WRD on Saturday, and all breed WRDX
on Sunday

Pat is working on the premium. Karen has reserved the park/pavilion and blocked out hotel
rooms. She'll book judge's hotel rooms and ask Jody for the credit card to pay for it. The

- Co-chair: Karen Doman
- Secretary: Pat Matthews
- Chief Steward: Tiffany Reed
- Site Setup: Cathy, Zach, and John Lynn. Karin has volunteered to get the water test
equipment from Gary and bring it to the test site (Grounds?).
- Safety officer: ??

Gary has offered to go over the site setup with the Grounds committee at Paws 'N Claws. Gary will also build a platform for the newly donated/acquired boat and bring it to Paws 'N Claws so we can get the pictures necessary to submit the boat application to NCA.

The proposed budget for the water test is included below. This does not include any fundraising, though I'm planning to do some raffles, maybe brown bags. Waiting on whether soft goods company can do detailed design (Kat is checking).

Amy will write a letter for Chris to review and send to NCA working dog chair.

Karin and Andi Ottey ran a Draft training at Brubaker that went very well. With only one exception all participants were new to drafting.

Ana will be having the last practice this coming Sunday.

All the draft trainings and walks have been a big success.

There will be a draft test at Brubaker in Spring of 2024 with Andi Ottey chairing
